

RETAIL PRICELIST 2026

Built on trust,
Growing together

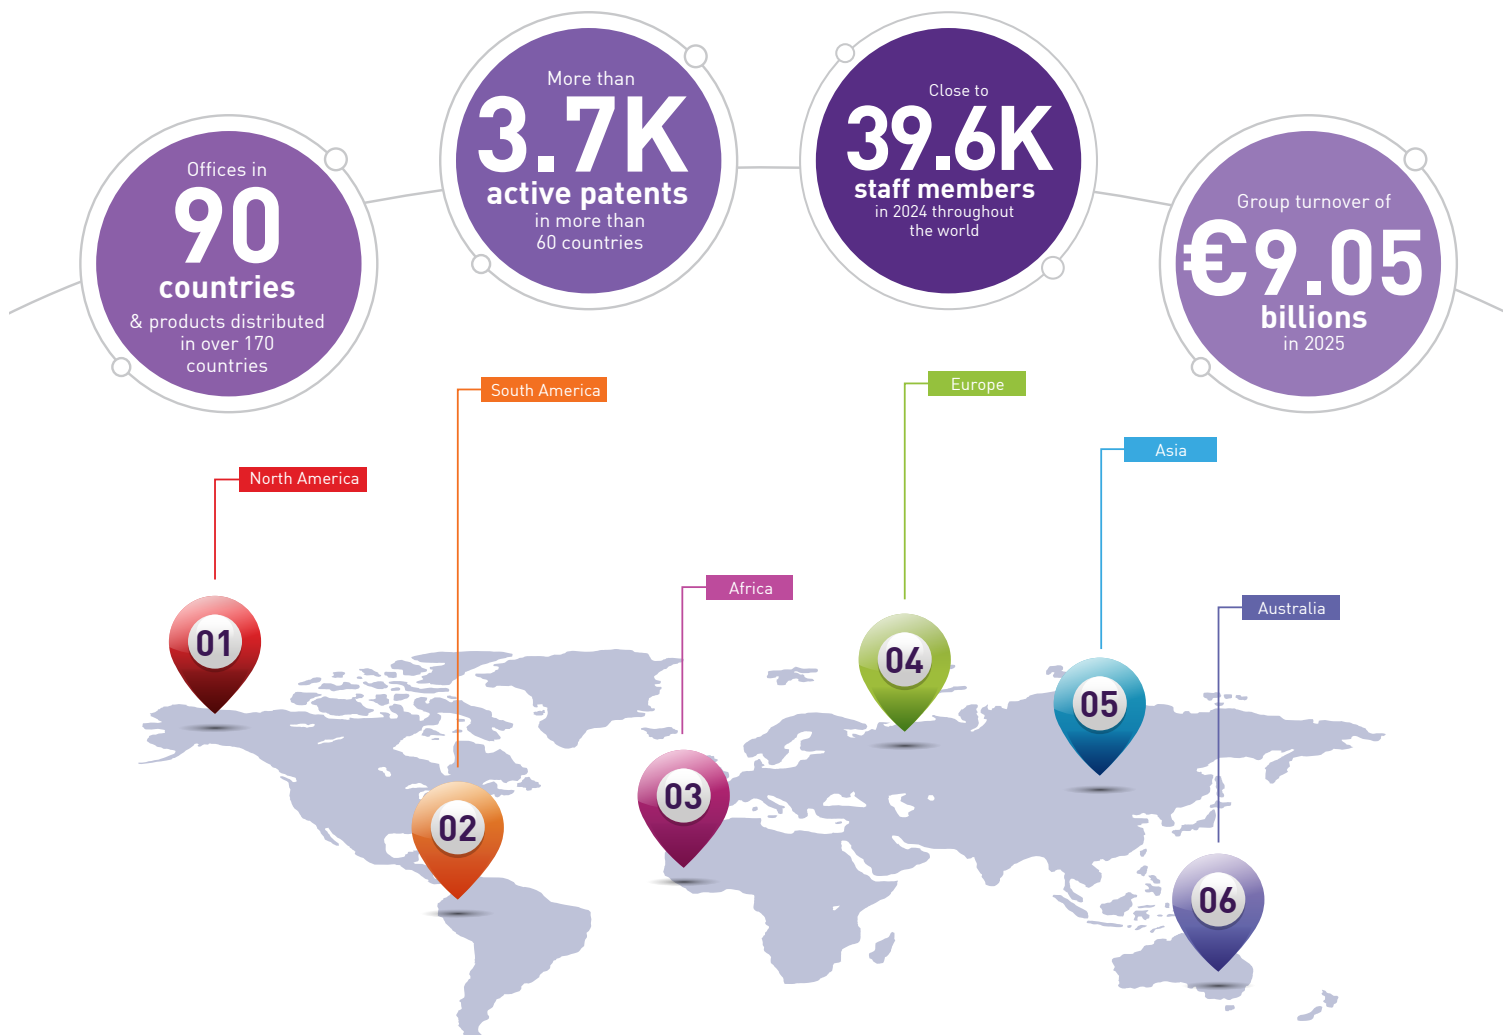

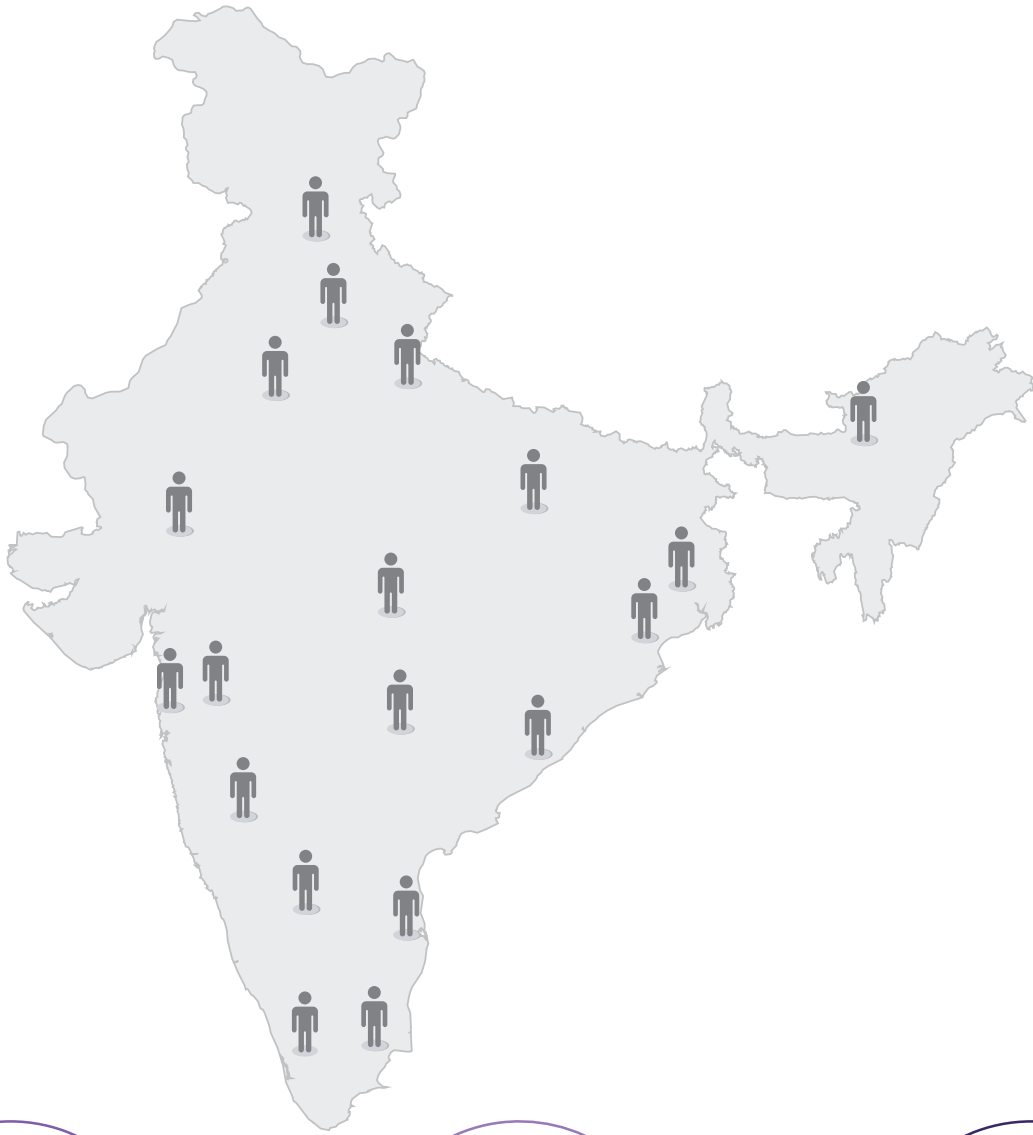

Smart Innovation: Around The World

Legrand Group is a global specialist in electrical and digital building infrastructure, offering smart solutions across the residential, commercial, hospitality, and industrial sectors. This strong capability has positioned Legrand as the preferred choice of discerning customers in nearly 180 countries worldwide.

Our purpose is to improve lives by transforming the spaces where people live, work and meet by delivering electrical and digital infrastructures and connected solutions that are simple, innovative and sustainable.

Guided by its philosophy of “Listen, Design, Make, and Support”, Legrand closely tracks evolving lifestyles and customer needs. The Group designs high value-added products that seamlessly integrate advanced technology, ergonomic excellence, and refined aesthetics. Through smart ideas, sleek designs, and intuitive simplicity, Legrand aims to help every customer experience a simpler, better quality of life.

The Global Specialist

A comprehensive solution for your Electrical and Digital Building Infrastructure.

Global Specialist in Electrical and Digital Building Infrastructure

Legrand is a global specialist in electrical and digital building infrastructures, delivering solutions for homes, data centers, commercial, healthcare, hospitality, and industrial spaces. With nearly 300,000 product references, Legrand holds No. 1 or No. 2 positions in most markets worldwide.

Continuous Innovation

Over 2200 people work at our engineering and design offices, innovating simple and sustainable solutions.

Product Design – A lever for differentiation

Design is integral to our overall strategy and lies at the core of everything we do at Legrand. More than aesthetics alone, design is about enhancing the overall customer experience.

A Landmark Infrastructure Built with Purpose, Rooted in Trust

A massive infrastructure spanning 30000+ sqm, one of the largest factories for Legrand worldwide and India, was inaugurated recently at Nashik, Maharashtra. This factory assumes great significance not just for its investments and massive scale but also for its growth lever placing India at the centre of the Group's ambitions. The factory will soon be a certified green building by IGBC, with a 1 MW roof top solar installation and has been thoughtfully designed, keeping sustainability at the core of its planning.

PRODUCTS:

Our new Nashik factory is designed to manufacture Bus Bar Trunking Systems (BBTS), Distribution Boards (DBs), Server Racks, Cablofil and Industrial plugs and sockets. The factory is all set to supply products both to the local market and for export, with shipments of BBTs and industrial plug and sockets already reaching international destinations. Plans are in place to expand exports to include DBs and Cablofil products, positioning our India factory as a global supply hub with significant capacity and agility.

Our Values to Improve Lives

WE SEIZE THE FUTURE

We seize the future by creating lasting, high performance solutions for every kind of building, driven by the vision and talent of our teams

WE EMBRACE INCLUSION

We embrace inclusion by welcoming diversity among our customers, our people, and our partners, and turning it into a strength and opportunity

WE MOVE IN SYNC

We grow stronger together - collaborating with people, brands, and partners to shape a connected and future-ready electrical ecosystem

WE STRIVE FOR SIMPLICITY

We turn challenges into opportunities, creating purposeful innovations that deliver real value across every corner of the electrical sector

WE ARE DEPENDABLE

We are dependable, guided by reliability and sustainability. For over 150 years, we've built trust through responsible design and ethical relationships with our customers

Our Commitment to Sustainability

At Legrand, sustainability is a key consideration in our product development process.

Every product is crafted with a "**Eco Design**" approach, blending innovation with eco-friendly practices right from the start.

Our Product Environmental Profile (PEP) offers clear and reliable insights into the environmental impact of our products. By supporting green building initiatives and promoting eco-conscious choices, we ensure every product plays a role in building a more sustainable future.

A Landmark Infrastructure Built with Purpose, Rooted in Trust

Community Initiatives

Legrand Empowering Scholarship

Program Started in 2018, this initiative supports meritorious girl students from lower socio-economic backgrounds in Engineering, Architecture, Science, and Technology. To date, over 700+ students have been enrolled, including 66 differently abled and 25 LGBTQ+ students.

Annually, more than 100 new scholarships are awarded. Additionally, each year over 50 students receive mentorship assistance from Legrand Subject Matter Experts, till date over 150 students have been mentored to be the Future Women Leaders.

Legrand Telemedicine Center

Through our 3 centres located in Jalgaon, Haridwar, and Rohad, we offer free consultations, tests, and medicines in partnership with Apollo Hospitals. This initiative benefits over 10,000 community members annually and has positively impacted more than 72000 lives to date.

Center of Excellence - Mathura, Dehradun & Bangalore

The centers at Mathura, ITI Niranjanpur, Dehradun & Bangalore aim to provide advanced training in Electrical & UPS systems. These centers focus on enhancing students' skills and improving their job opportunities. Over 168 ITI students have been trained and over 10 have been placed as service engineers in our company.

Beach Clean-Up

Legrand adopted four beaches in Mumbai. This initiative aims to remove plastic waste and recycle it. Since September 2023, through the collective efforts of over 13992 volunteers, more than 134676 kg / 134.6 T of plastic has been collected and recycled into ten benches which were further donated to public spaces and schools.

Water Table Recharge

Legrand has recharged over 100 community borewells in rural and tribal areas using a patented technology that recharges 15–20 lakh litres of groundwater annually, directly providing clean water access to more than 5,000 individuals.

RX³

When One is Not Good Enough, 10 Reasons to Switch to RX³

The RX³ range of MCBs, RCCBs, and Isolators is engineered for efficient, reliable, and safe circuit protection. Designed with low energy losses and high durability, it ensures consistent performance across residential installations.

RX³ MCBs

RX³ RCCBs

RX³ Isolators

Features

- Low watt loss design for improved energy efficiency
- High mechanical endurance up to 20,000 operations
- Supports cable sizes up to 35 mm² for flexible installation
- ISI marked and CE certified for quality assurance

Benefits

- Reduces energy consumption and operating costs
- Enables long service life of up to 13 years with high mechanical endurance
- Enhances installation flexibility while reducing risk of terminal damage
- Ensures safe and reliable performance with certified standards

 Bold packing quantity is our mandatory packing. Orders to be placed by Legrand (India) Stockists in multiples of the same.

ACCL

Automatic Changeover with Current Limiter

Seamless Power Switching for Smart Electrical Systems

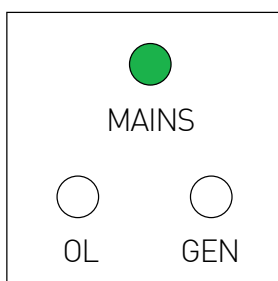

ACCL ensures uninterrupted power by automatically switching between mains and generator supply. Designed with intelligent control and built-in current limiting, it protects the generator from overload while maintaining reliable power continuity for residential and commercial installations.

Features

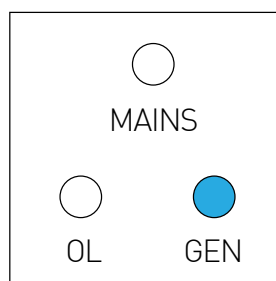

- Intelligent microcontroller-based design
- Built-in current limiter to prevent generator overload
- Break-before-make switching mechanism with neutral isolation
- LED status indicators with buzzer alerts and manual reset function

Benefits

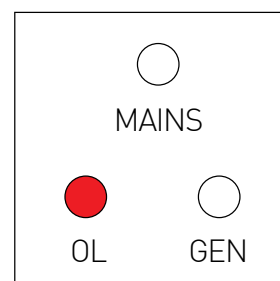

- Ensures continuous power supply during mains failure
- Protects generator systems from overload damage
- Improves safety through controlled and reliable power transfer
- Simplifies monitoring with clear visual and audible status alerts

PLEXO

Weatherproof Enclosures

The Go-To Range for Reliable Outdoor Installations

PLEXO enclosures deliver durable, weatherproof protection for modular electrical installations across indoor and outdoor environments. Featuring award-winning design, quick snap-fit assembly, and flexible configurations, they ensure faster installations and reliable performance in demanding site conditions.

Features

- Reversible modular design supporting 1–7 module configurations with transparent or opaque covers
- Tool-free snap-fit assembly for quick installation and flexible alignment
- High protection ratings with IP55–IP66 sealing and IK07–IK09 impact resistance
- Durable, eco-compliant materials with 650°C self-extinguishing capability

Benefits

- Reduces installation time with fast snap-fit mounting and flexible wiring space
- Performs reliably in harsh environments like garages, car parks, and wash areas
- Enables quick visual inspection using transparent protective covers
- Supports scalable installations with modular designs and smart-ready options

IK

Protection against mechanical impact: protection index - IK

According to standard:

IEC 62262, BS EN 62262 and NF EN 62262

• This table can be used to ascertain the resistance of a product to an impact given in Joules from the IK code (graduated from 00 to 10)

It can also be used to ascertain the correspondence with the old IP code 3rd digit and the corresponding external "Ag" conditions

IK	Tests	Impact energy (in Joules)	"AG" of NF C 15-100
IK 00		0	
IK 01		0.15	
IK 02		0.2	AG1
IK 03		0.35	
IK 04		0.5	
IK 05		0.7	
IK 06		1	
IK 07		2	AG2
IK 08		5	AG3
IK 09		10	
IK 10		20	AG4

IPXX

Index of protection

IP** index of protection of enclosures of electrical equipment in accordance with standards IEC 529, BS 5490, DIN 400 50 and NF C 20-010
Up to 1000 V± and 1500 V= (standard UTE C 20 010)

1st figure:- protection against solid bodies

IP	tests	
0		No protection
1		Protected against solid bodies larger than 50 mm (eg.: accidental contact with the hand)
2		Protected against solid bodies larger than 12 mm (eg.: finger)
3		Protected against solid bodies larger than 2.5 mm (eg.: tools, wires)
4		Protected against solid bodies larger than 1 mm (eg.: fine tools and small wires)
5		Protected against dust (no harmful deposit)
6		Completely protected against dust

2nd figure:- protection against liquids

IP	tests	
0		No protection
1		Protected against vertically-falling drops of water (condensation)
2		Protected against drops of water falling at up to 15° from the vertical
3		Protected against drops of rain water at up to 60° from the vertical
4		Protected against projections of water from all directions
5		Protected against jets of water from all directions
6		Protected against jets of water of similar force to heavy seas
7		Protected against the effects of immersion
8		Protected against prolonged effects of immersion under pressure

ARTEOR™ ADVANCE

FEEL SOMETHING NEW

Premium Wiring Devices for Fine Living

Arteor™ Advance is a premium wiring device range designed for luxury residences, offices, and hospitality spaces. It combines refined aesthetics, innovative mechanisms, and smart connectivity to deliver elegant functionality for modern interiors.

Features

- Dual rocker styles with Classic and Elite designs
- Premium finish collections including Matt, Decor, Metal, and Statement full-metal plates
- Integrated plate adjuster for precise alignment on uneven walls
- Smart-ready features such as contactless switches, motion sensors, and hotel keycard controls

Benefits

- Elevates interior design with premium finishes and modern styling
- Supports connected living with integrated charging and smart control options
- Provides versatile solutions for residential, office, and hospitality spaces
- Ensures long-lasting performance with durable aluminium plates and refined build quality

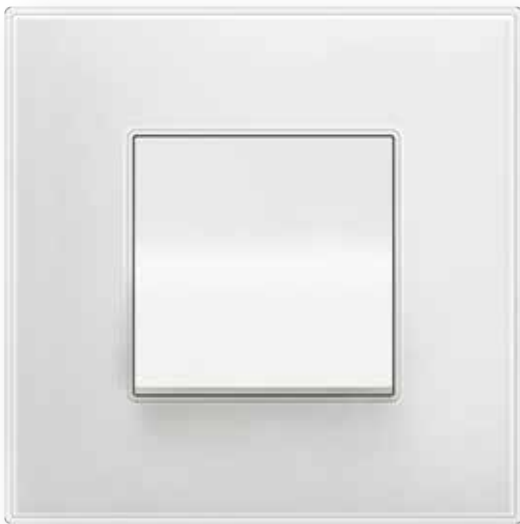

Celebrating Design That Elevates Every Space

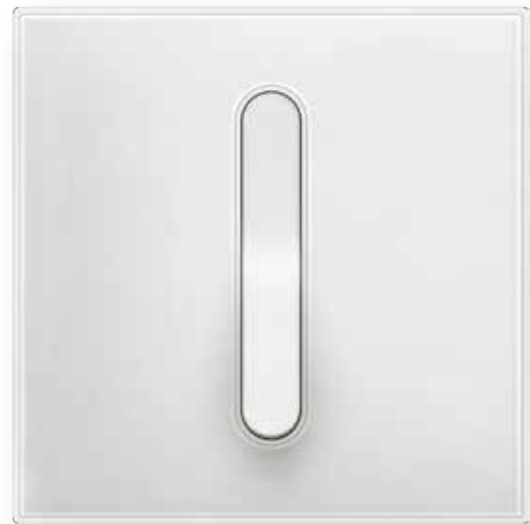

Scan to know more about
the product.

Two Forms, One Design Concept

CLASSIC

ELITE

Design language

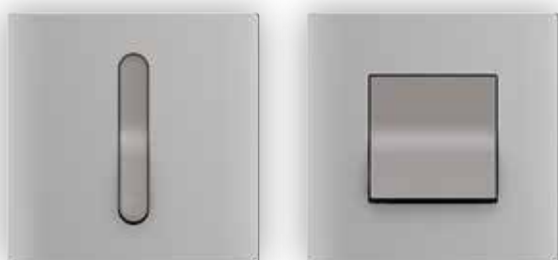

Arteor Advance is available in two design lines, with clearly different rocker formats. The Classic design gives a whole new dimension to a classic form. The Elite rocker is a completely new design embodying the trends of the future.

Floating rocker

The impression created by the floating rocker is the same for both types: Light and elegant, it seems to float above the plate. Both forms can be combined to great effect as well. The Elite version allows you to make a clear statement, while the Classic version is more subtle and discreet.

FINISHES

Statement Collection FULL METAL

Decor Collection FROSTED FINISHES

Classic Collection BASIC NEUTRAL

Decor Collection Metal Finishes

ARTEOR™ ADVANCE

FEEL SOMETHING NEW

Modular Design for Maximum Flexibility

The modular architecture of the range allows to integrate a wide range of different functions within a single plate, whatever the installation standard.

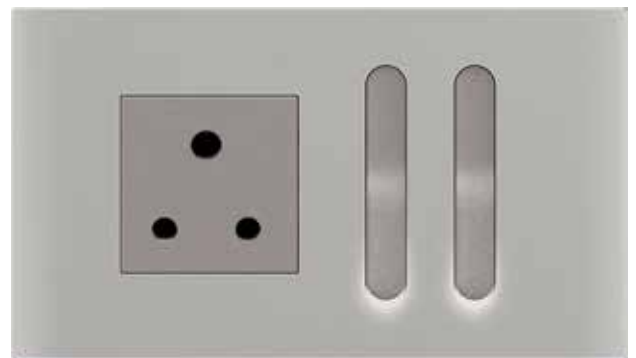

Even where space is scarce, individual configurations are possible.

Full modularity for maximum flexibility.

One Plate, Two Designs – Perfect Integration

Modularity is also maintained when you want to use both ergonomics, Classic and Elite in one plate. Thanks to special hybrid plates, both design lines can be combined in one plate at the same time, for more creative possibilities with a harmonious look.

Switches in Elite design are easy to combine with socket outlets, dimmers, or USB chargers. Maximum flexibility for a wealth of combinations and a perfect look even when space is limited.

Pioneering a Sustainable Future with Bio-plastic Innovation

Innovation at Legrand goes beyond the product. Arteor Advance is our first range to feature packaging made with an innovative bio-plastic material. This pioneering eco-packaging solution is 90% biobased and is designed to lower carbon emissions by up to 70%. A conscious step towards a greener product lifecycle and a better future.

ARTEOR™ ADVANCE

FEEL SOMETHING NEW

Live As You Want

Everyone has their own ideas about how to arrange their living space, and people's individual preferences regarding the functionality of electrical equipment will vary widely too. With Arteor Advance, everyone can arrange their own private space accordingly and accommodate as much comfort or energy saving as they want. All in a premium consistent design.

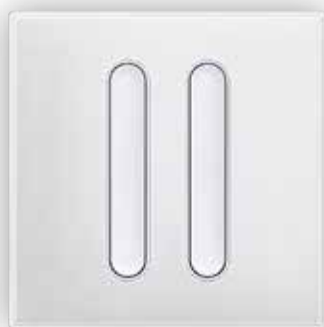

Exploiting Every Potential

The new generation of LED dimmers and LED automatic switches are fully LED compatible and can also be used for all other types of modern loads. This makes it possible to exploit the full energy saving potential of LEDs, without losing out on convenience.

Switch with indicator

Smart 2-gang wireless batteryless light switch

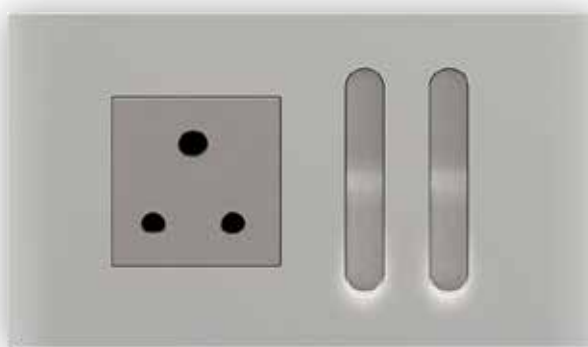

Rotary fan controller

Double switch for electric shutter

USB Type C+C 30W PD Charger

6A - 3 pin ISI Socket with 10A Elite Switch with Locator

TV-R-SAT sockets

Intelligent & Powerful: The New Usb Chargers

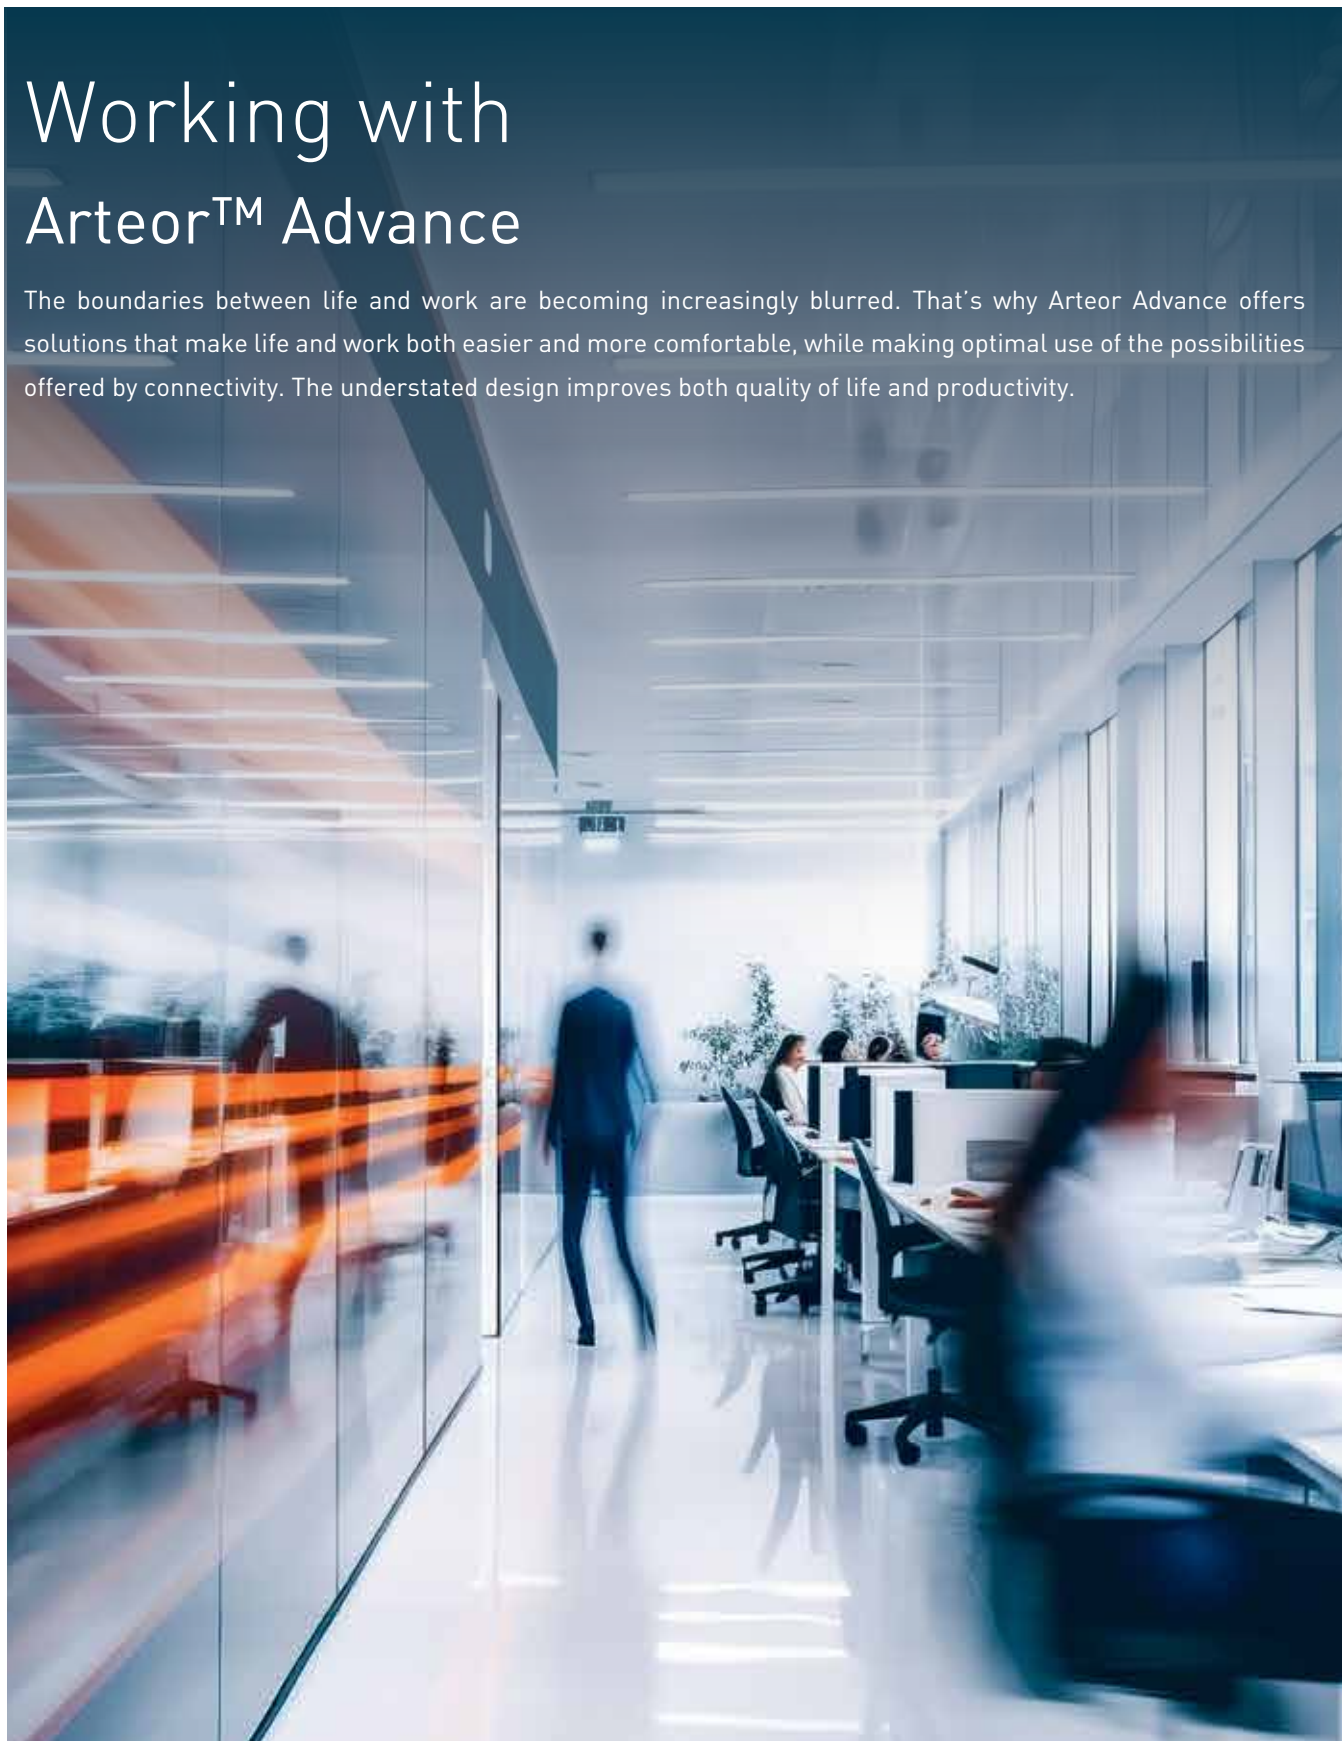

Arteor Advance meets the current USB-C standard with new chargers that integrate harmoniously into the design of the rest of the electrical installation. In addition to their design, they also impress with their performance; they are powerful enough to charge laptops. They also enable "fast charging" and protect the batteries of the connected devices with Power Delivery as they only supply as much power as is needed for charging. Available in 20W, 30W, 45W and 65W.

ARTEOR™ ADVANCE

FEEL SOMETHING NEW

Working with Arteor™ Advance

The boundaries between life and work are becoming increasingly blurred. That's why Arteor Advance offers solutions that make life and work both easier and more comfortable, while making optimal use of the possibilities offered by connectivity. The understated design improves both quality of life and productivity.

Arteor Advance mechanisms can be incorporated into Pop-Up boxes or Desk devices of the Incara range: seamless integration into furniture - power and data within easy reach.

All-in-one consistent design:
Power supply for all devices, data outlets
and USB chargers with enough power for
charging a laptop.

LED compatible motion sensors help to save energy
as they only switch lights on when needed.

Contactless Switching

A new switch offers a more hygienic way of using lights and doors. It controls lights or opens doors without direct contact. Just position your hand close by, and the desired action will be triggered. In offices, hotels and anywhere lots of people use switches, the contactless switch is a valuable and convenient alternative to traditional solutions.

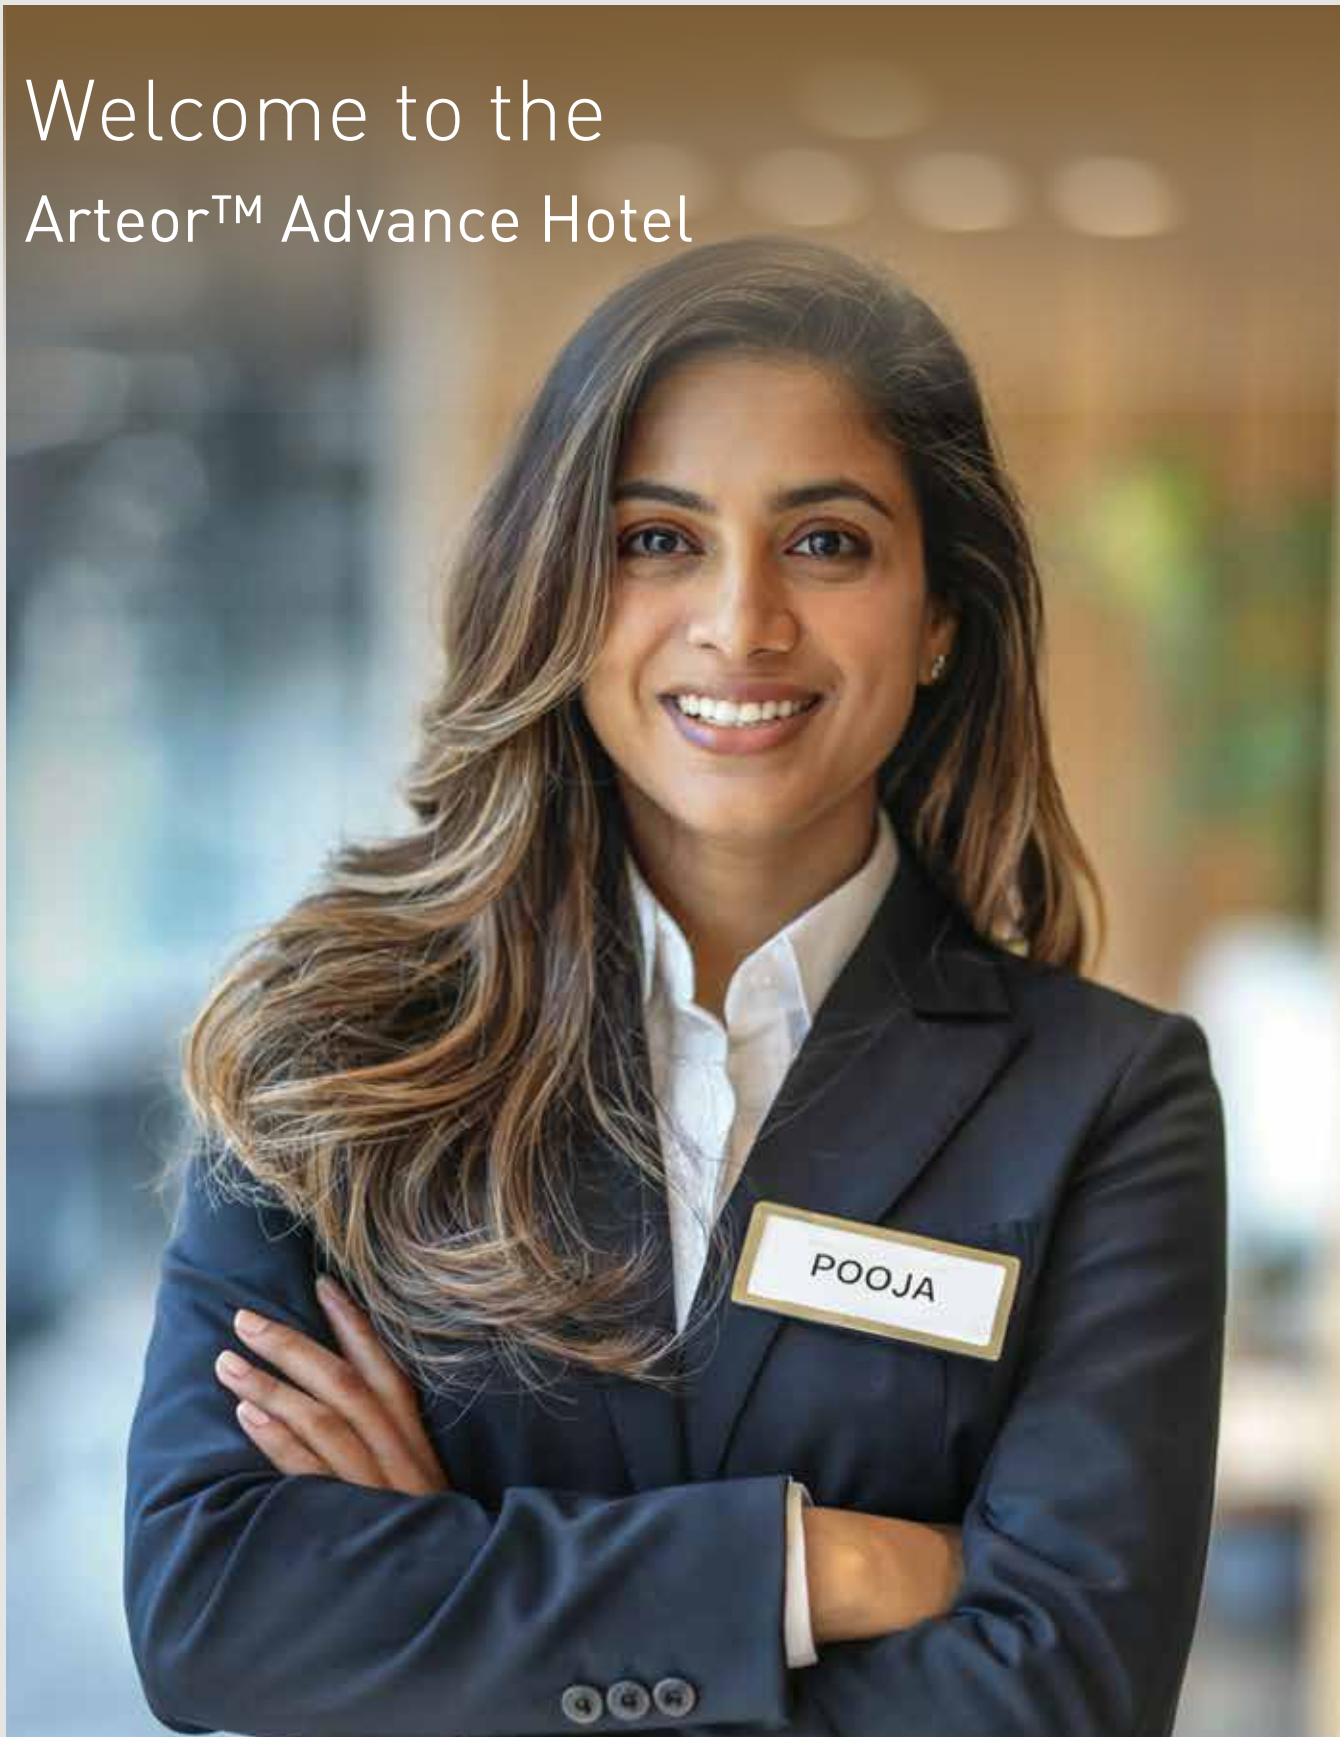

Contactless switch for
control of lights or doors.

ARTEOR™ ADVANCE

FEEL SOMETHING NEW

Welcome to the
Arteor™ Advance Hotel

Key-Card Switch

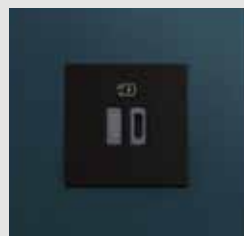

Hotel room call indicator External unit: displays calls in the corridor.

Bedside panel: Dedicated markings allow for easy identification of the different functions: Master ON/OFF, control of bedlights, curtains, roller blinds, and more.

Internal unit: allows to select the desired setting "Do not disturb/ Make up room".

USB Type C 45W PD Charger

Double USB Type-C charger, 65 W, Fast charge feature: Power Delivery

Shaver Socket

Lots of power with gentle fast charging

USB chargers are an essential feature, and not just for mobile working. They provide enough energy to charge laptops and other devices. The batteries are charged in a particularly resource-efficient manner by intelligently adjusting the charging current to the needs of the devices connected.

Arteor Advance™

Guarantee

- The Company, at its discretion, will replace products if they have any manufacturing defect within 10 years for switches (without LED lamp) and power sockets. For all other **Arteor Advance™** wiring accessories the guarantee will be 2 years.
- The above guarantee is applicable when the devices are used in Legrand metal flush boxes. Otherwise the guarantee period will be reduced by 50%.
- The guarantee is only applicable when the products are installed as per the Company's instructions and not tampered in any manner.
- The guarantee states the Company's entire liability. It does not extend to cover consequential loss or damage or installation costs arising from defective products.

Our switches are compliant with revised BIS standard (IS 3854:2023) requirements. Also, our switches are covered additionally for use on Self-Ballasted Lamp (SBL) loads.

SBL power rating as per IS3854:2023

Switch Rating	6A, 230V~	10A, 230V~	16A, 230V~	20A, 230V~
SBL power (Watt)	100 W	100 W	200 W	250 W

* MRP - Maximum Retail Price Inclusive of all taxes including GST.
Red Cat. Nos - New Products

ARTEOR™

Versatile Wiring Devices for Global Projects

Arteor™ is a modular wiring device range designed to meet the needs of residential, commercial, and hospitality projects worldwide. Combining ergonomic design, premium finishes, and advanced control options, it supports everything from standard electrical installations to connected IoT and BUS-based automation systems.

Features

- Ergonomic round and square rocker designs available in refined finishes
- Extensive finish palette with over 16 colours
- Extensive mechanism range with switches, dimmers, USB chargers, and data outlets
- Smart-ready solutions supporting automation, hotel controls, and scenario-based switching

Benefits

- Supports global projects with compliance to IEC & BS
- Enhances interiors with premium materials and contemporary design options
- Supports modern connectivity needs with integrated charging and data solutions
- Enables scalable control from simple wiring setups to advanced automation systems

ARTEOR™

Versatility & Modularity for Unrivalled Flexibility

Arteor™ is a modular range offering maximum flexibility in terms of installation and configuration.

Features that set ARTEOR™ apart

- ① Finger-proof terminals for IP 20 protection against accidental contact.
- ② Captive "never to loose screws"

- ① Tunnel terminals preventing screwdrivers from slipping.
- ② Laser marking on mechanisms. Arrow showing the correct orientation of the mechanism.
- ③ The latest IS 3854 : 2023.

Sockets with ISI* mark, conforming to IS 1293. Fan regulator with ISI* mark, conforming to IS 11037.

Fully shrouded internal mechanism under the rocker preventing visibility of sparks.

- ① Stripping templates on sockets for stripping off exact length of insulation.

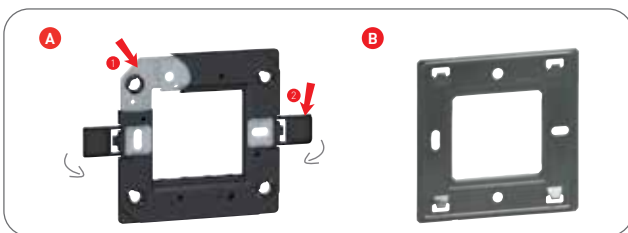

- ① Sockets are shuttered for child's safety against electric shocks.

Possibility of weather proofing mechanisms using Plexo IP 55 and IP 66 boxes.

For switches with LED lamps, life of LED is 50000 burning hours. Consumes power (0.76W) next to NIL.

A. For all high end plates Metal frame providing solid support to base. Bi-material frame - electrical safety IP20. Screw caps can be closed once the support frame is installed, ensuring total insulation.

2x2 way switch - 3 controls possible in 2 module plate. In round and square design possible.

Mechanisms compatible with DLP trunking systems, columns, floor boxes and VDI installations.

ARTEOR™

The Ideal Solution, Always & Everywhere

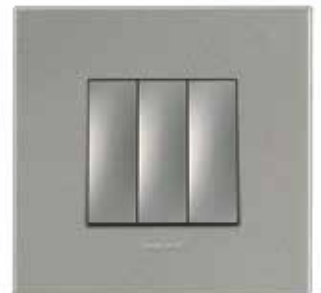

Its versatility makes Arteor™ the ideal choice for every kind of project, anywhere in the world at any installation level. Arteor™ suits any requirement in terms of design and function for every kind of building, from residential to commercial.

ARTEOR™

MyHOME

Elegant and Intuitive Home Automation

Arteor™ MyHOME offers elegant home automation that combines beautiful design with simple touch control for lighting, blinds, HVAC, and more through intuitive touchscreens and smartphone apps.

Features

- Full-range touchscreen interface for home control
- Smartphone app with dedicated icons for lights, temperature, blinds, and scenarios
- Seamless integration across electrical, wiring, and building infrastructure
- Versatile design suitable for rural, industrial, and digital environments

Benefits

- Simplifies home management with intuitive touch and mobile control
- Enhances aesthetics while providing comprehensive automation
- Reduces complexity through unified interface for all systems
- Adapts to diverse architectural and lifestyle settings

Arteor™

Guarantee

- The Company, at its discretion, will replace products if they have any manufacturing defect within 10 years for switches (without LED lamp) and power sockets. For all other **Arteor™** wiring accessories the guarantee will be 2 years.
- The above guarantee is applicable when the devices are used in Legrand metal flush boxes. Otherwise the guarantee period will be reduced by 50%.
- The guarantee is only applicable when the products are installed as per the Company's instructions and not tampered in any manner.
- The guarantee states the Company's entire liability. It does not extend to cover consequential loss or damage or installation costs arising from defective products.

Our switches are compliant with revised BIS standard (IS 3854:2023) requirements. Also, our switches are covered additionally for use on Self-Ballasted Lamp (SBL) loads.

SBL power rating as per IS3854:2023

Switch Rating	6A, 230V~	10A, 230V~	16A, 230V~	20A, 230V~
SBL power (Watt)	100 W	100 W	200 W	250 W

* MRP - Maximum Retail Price Inclusive of all taxes including GST.

Myrius™

A Perfect Blend of Design & Convenience

Myrius™ is designed to enhance modern living spaces by combining refined aesthetics with everyday usability. It brings together thoughtful design and intuitive functionality to create a seamless and comfortable user experience.

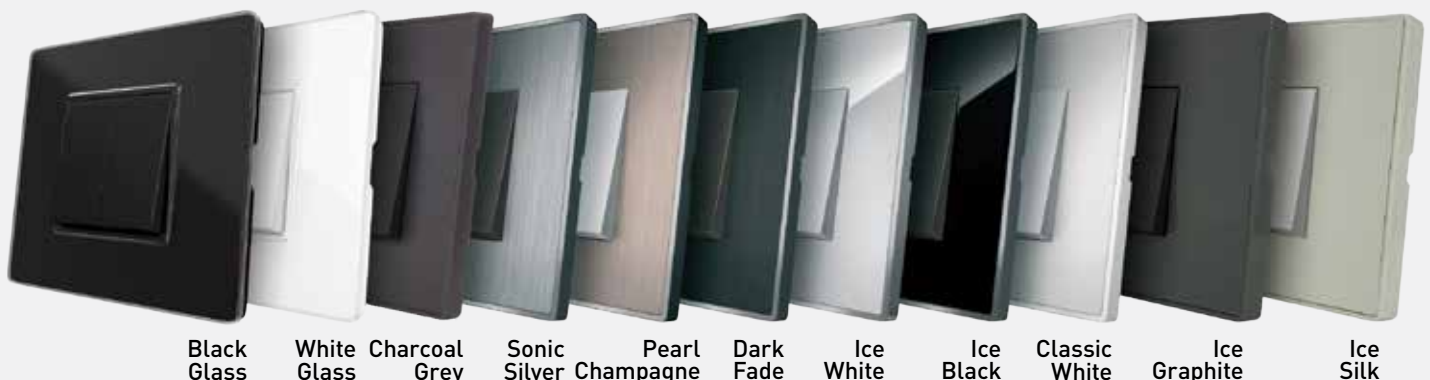

Features

- In-Mould decoration (IMD) technology enabling customised smart functions
- Integrated smart functionality for enhanced control and convenience
- Wide range of designer finishes to suit diverse interior styles
- Available in 11 premium plate finish options

Benefits

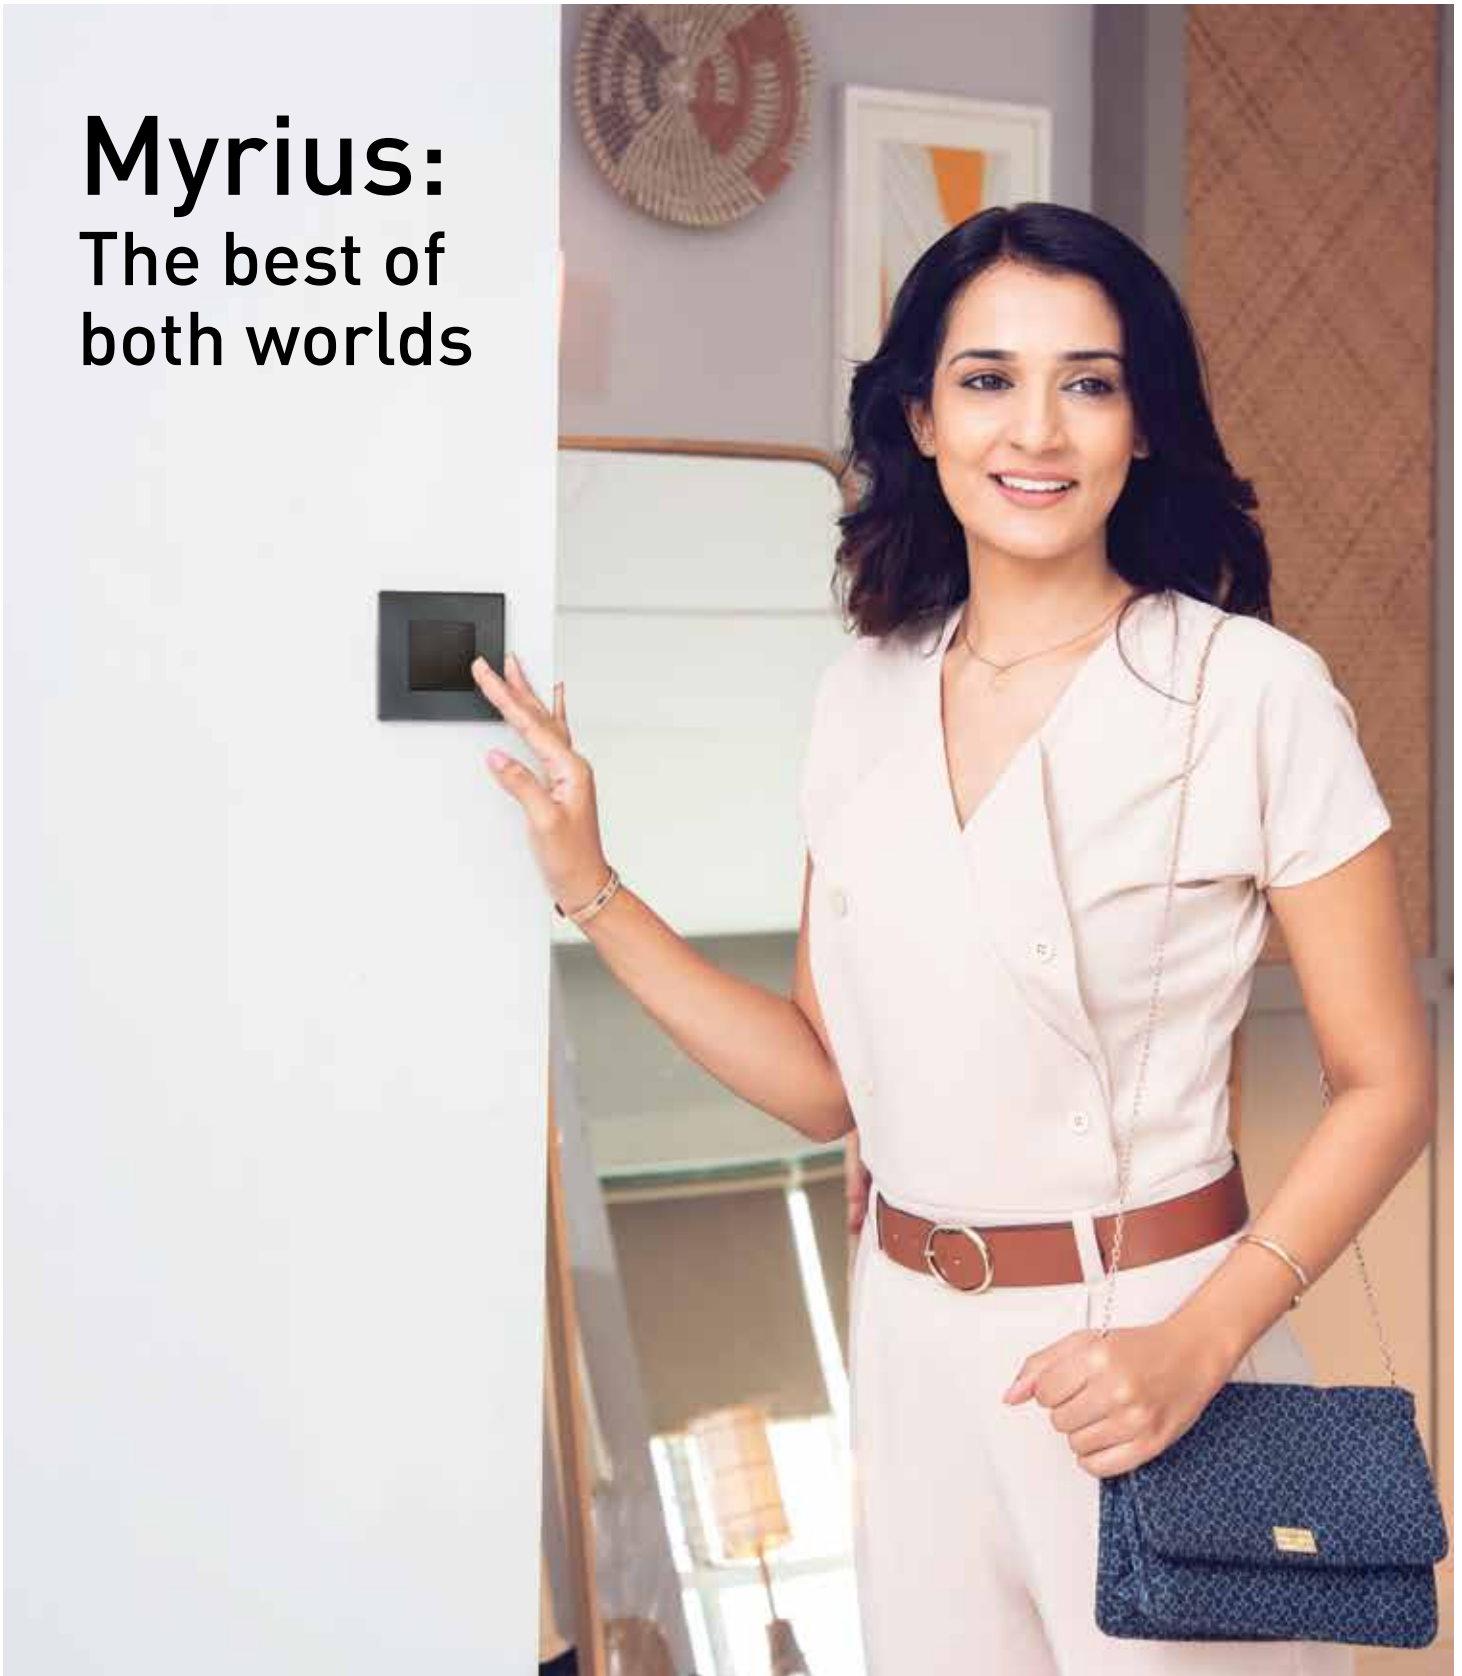

- Elevates interiors with distinctive designer aesthetics
- Enables personalised living through customised smart features
- Offers flexibility in design with a wide range of finishes
- Enhances everyday convenience with intuitive functionality

Scan to know more about the product.

Myrius:

The best of
both worlds

Myrius™

Premium Glass Finish for Modern Interiors

MYRIUS GLASS FINISH

Myrius™ Glass plate enhances interior spaces with sleek glass finishes and a refined flush design, bringing a modern and sophisticated aesthetic to premium environments.

Features

- 3 mm toughened glass finishes available in white and black
- Plate range from 1 to 18 modules for design flexibility
- Available in multiple colour options

Benefits

- Enhances interior aesthetics with elegant and modern glass finishes
- Adds a modern and sophisticated look to spaces
- Ensures design flexibility across different layouts

Myrius™

Designed for Hygiene.
Built for Everyday
Living.

ANTI-BACTERIAL RANGE

Myrius™ Anti-Bacterial Range is designed to support healthier living by reducing bacterial presence on frequently touched surfaces, combining hygiene with modern design for everyday spaces.

Features

- Silver ion-infused surfaces for antibacterial protection
- Smooth finish for easy cleaning and maintenance
- Certified antibacterial performance
- Contemporary design suitable for modern interiors

Benefits

- Reduces bacterial presence on frequently touched surfaces
- Supports a healthier home environment
- Enhances everyday safety through hygienic materials
- Combines hygiene with modern aesthetics

Myrius™

Guarantee

- The Company, at its discretion, will replace products if they have any manufacturing defect within 10 years for switches (without LED lamp) and power sockets. For all other **Myrius™** wiring accessories the guarantee will be 2 years.
- The above guarantee is applicable when the devices are used in Legrand metal flush boxes. Otherwise the guarantee period will be reduced by 50%.
- The guarantee is only applicable when the products are installed as per the Company's instructions and not tampered in any manner.
- The guarantee states the Company's entire liability. It does not extend to cover consequential loss or damage or installation costs arising from defective products.

Our switches are compliant with revised BIS standard (IS 3854:2023) requirements. Also, our switches are covered additionally for use on Self-Ballasted Lamp (SBL) loads.

SBL power rating as per IS3854:2023

Switch Rating	6A, 230V~	10A, 230V~	16A, 230V~	20A, 230V~
SBL power (Watt)	100 W	100 W	200 W	250 W

* MRP - Maximum Retail Price Inclusive of all taxes including GST.

Mylinc™

A little touch of genius

Reliable Modular Wiring for Devices

Mylinc™ is a modular wiring accessories range designed and manufactured in India for residential and commercial installations. Combining dependable mechanisms with practical design, it delivers reliability, convenience, and aesthetically consistent electrical solutions.

Features

- Durable mechanisms tested for up to 1 lakh operations
- Installer-friendly design with Linc-Loc™ alignment, front removal, and orientation indicators
- Enhanced safety with finger-proof IP20 terminals and shuttered sockets
- Quality assurance and laser markings, ISI and CE certification

Benefits

- Ensures long-term reliability with certified and durable components
- Simplifies installation with alignment aids and easy access mechanisms
- Enhances electrical safety through protected terminals and compliant designs
- Supports modern spaces with integrated power, lighting, and connectivity solutions

MylincTM

A little touch of genius

A LITTLE TOUCH OF GENIUS

Guarantee

- The Company, at its discretion, will replace products if they have any manufacturing defect within 10 years for switches (without LED lamp) and power sockets. For all other **MylincTM** wiring accessories the guarantee will be 2 years.
- The above guarantee is applicable when the devices are used in Legrand metal flush boxes. Otherwise the guarantee period will be reduced by 50%.
- The guarantee is only applicable when the products are installed as per the Company's instructions and not tampered in any manner.
- The guarantee states the Company's entire liability. It does not extend to cover consequential loss or damage or installation costs arising from defective products.

Our switches are compliant with revised BIS standard (IS 3854:2023) requirements. Also, our switches are covered additionally for use on Self-Ballasted Lamp (SBL) loads.

SBL power rating as per IS3854:2023

Switch Rating	6A, 230V~	10A, 230V~	16A, 230V~	20A, 230V~
SBL power (Watt)	100 W	100 W	200 W	250 W

LyncusTM

Upgrade to new

Elevate Your Home Experience

LyncusTM is a contemporary modular wiring range designed for modern homes. With minimalist styling and versatile modules for power, control, and connectivity, it delivers practical solutions for everyday electrical needs.

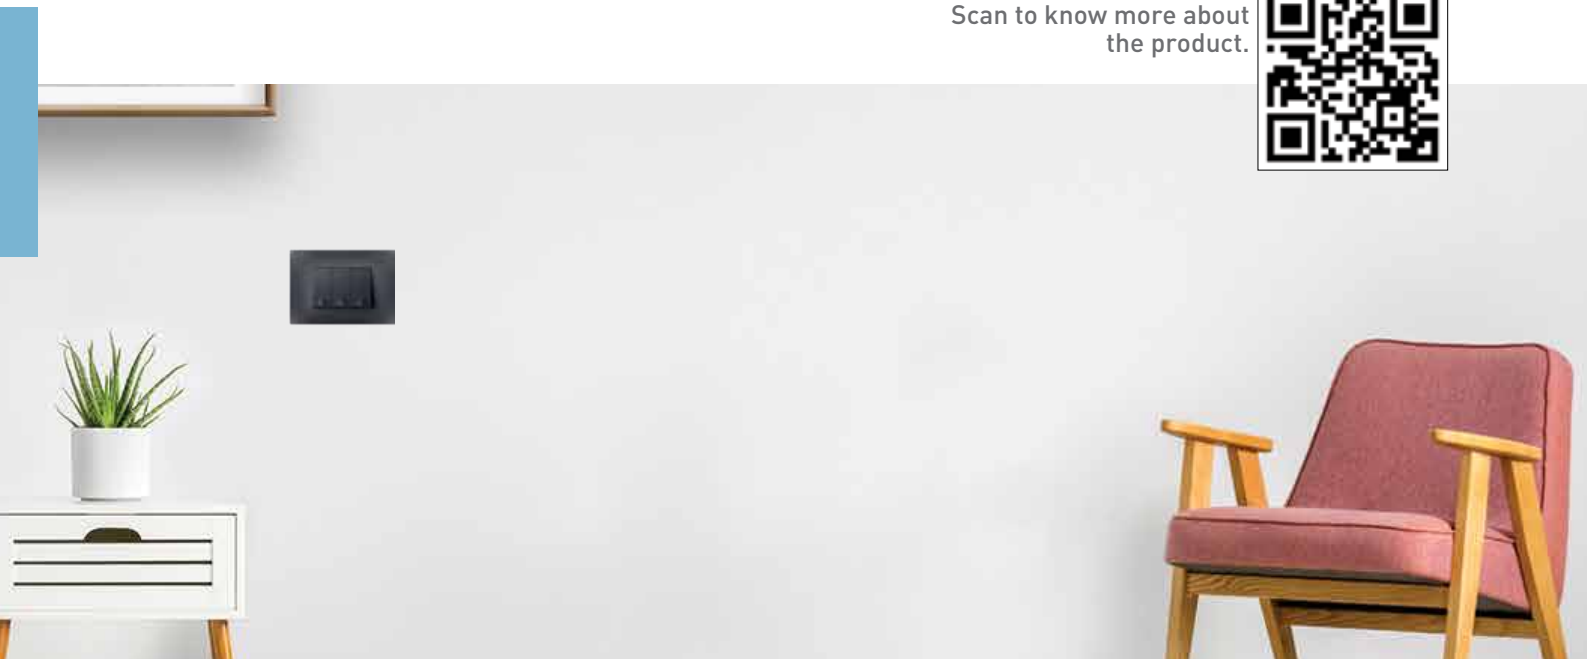

Features

- Smart aesthetics with a signature notch that defines modern minimalism
- Switch range from 6–32A with indicator options
- Universally adaptable modules covering lighting, sockets, BLDC Fan regulator, USB charging, data communication, hospitality, and more.
- High durability design rated for long operational life cycles

Benefits

- Ensures dependable performance with high-quality engineering and long-term reliability
- Enhances interiors with a sleek and contemporary design
- Simplifies installation with user-friendly, tool-free fitting
- Enables design customization with a range of premium colour finishes

LyncusTM
Change to today

Guarantee

- The Company, at its discretion, will replace products if they have any manufacturing defect within 10 years for switches (without LED lamp) and power sockets. For all other **Lyncus**TM wiring accessories the guarantee will be 2 years.
- The above guarantee is applicable when the devices are used in Legrand metal flush boxes. Otherwise the guarantee period will be reduced by 50%.
- The guarantee is only applicable when the products are installed as per the Company's instructions and not tampered in any manner.
- The guarantee states the Company's entire liability. It does not extend to cover consequential loss or damage or installation costs arising from defective products.

Our switches are compliant with revised BIS standard (IS 3854:2023 requirements). Also, our switches are covered additionally for use on Self-Ballasted Lamp (SBL) loads.

SBL power rating as per IS3854:2023

Switch Rating	6A, 230V~	10A, 230V~	16A, 230V~	20A, 230V~
SBL power (Watt)	100 W	100 W	200 W	250 W

Allzy™

The All-Rounder Switch Range

Allzy™ is a versatile modular switch range designed for modern Indian homes and workplaces. Combining stylish finishes, versatile modules, and dependable performance, it delivers convenient solutions for power, charging, connectivity, and everyday control.

Features

- Durable switch mechanisms tested for 1 lakh on/off operations
- Comprehensive switch range upto 32A rating with low-noise rockers, regulators and dimmers
- 6A, 6/16A sockets shuttered also offering complete USB charging needs for everyday usage
- Connectivity modules RJ11, RJ45, HDMI, AV and projector sockets
- Convenience & hospitality controls such as remote control units, switches, and MMR modules

Benefits

- Enhances interiors with five stylish plate finishes and dual mechanism colours
- Ensures dependable safety with shuttered sockets, certified components, and durable performance testing
- Enables seamless connectivity for communication, entertainment, and presentations
- Improves convenience through rapid USB charging solutions

Workstation Power and Data Solutions

Flexible Power and Data Access for Modern Workspaces

Legrand Workstation Solutions provide a complete and integrated approach to power and data distribution for modern office environments. Combining floor boxes, raised and screed floor systems, pop-up desk units, and perimeter trunking, the range is designed to deliver seamless connectivity, organized cable management, and flexible workstation layouts. Engineered for both performance and aesthetics, these solutions ensure easy installation, scalability, and adaptability to evolving workspace needs—making them ideal for dynamic offices, commercial spaces, and collaborative environments.

Features

- Comprehensive solution for power, AV & data distribution
- Compatible with perimeter, desk, raised access floors and screed floor systems
- Designed for fast installation with high reliability, robustness, and flexibility
- Engineered for strength, supporting superior load capacities for demanding environments

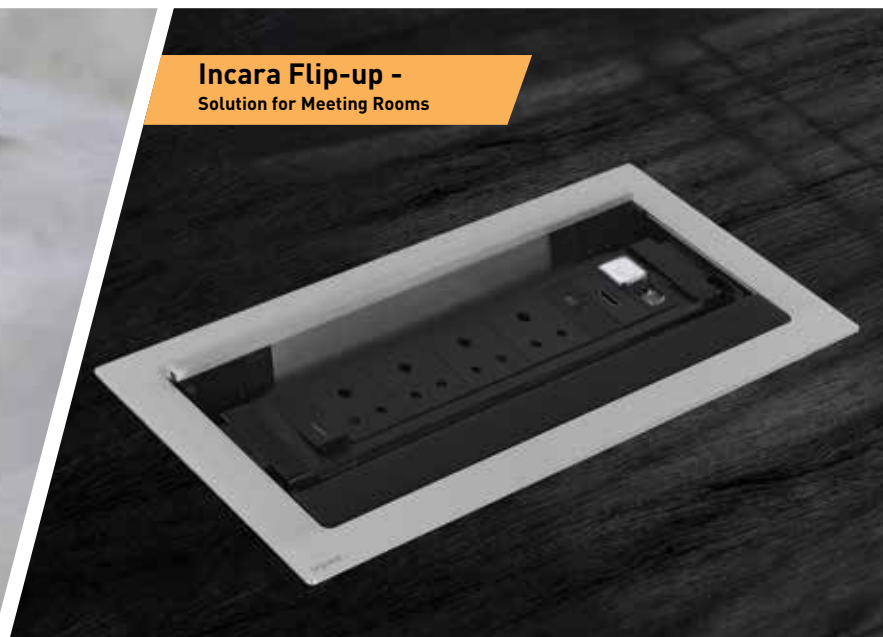

Benefits

- Ensures organized and efficient power and data distribution across office spaces
- Enables flexible workstation layouts with easily accessible floor and desk outlets
- Improves workspace aesthetics with concealed and flush-mounted installations
- Supports scalable infrastructure for high-density workstation environments and future expansion

Incara Pop-up boxes -
Solution for Individual Workstation

Incara Flip-up -
Solution for Meeting Rooms

Alongside the Incara™ range, Legrand provides additional workspace solutions such as trunking systems, raised floor boxes, metal and aluminium floor outlets, desk grommets, and underfloor distribution to support scalable office infrastructure.

INCARA™ Pop-up Box

Elegant Design with Seamless Connectivity

Incara™ Pop-up provides convenient access to power, data, and charging for laptops, smartphones, tablets, and AV equipment directly at the workspace. Its patented design integrates discreetly into furniture, offering smooth damper operation and premium finishes that blend seamlessly with modern interiors.

Features

- Extra-slim pop-up design compatible with 15–40 mm desktops
- Multiple module configurations available in 3, 4, 8, and 2x4 formats. Also available 4 module in IP44 option
- Premium finishes including White, Black, Aluminium, and Brushed Aluminium
- Compatible with 250+ Arteor & Advance modules, including USB-C PD up to 63/65W

Benefits

- Improves workspace efficiency with easy access to power and connectivity
- Maintains a clean desk aesthetic with discreet, flush integration into furniture
- Ensures reliable daily use with robust construction and protection options
- Adapts to evolving technology needs through modular configuration and fast charging support

**Now Available with
Arteor™ Advance Modules**

INCARA™ Flip-up Box

Elegant Connectivity for Premium Meeting Rooms

Incara™ Flip-up is a premium tabletop connectivity solution designed for modern meeting rooms. Its fully metal construction and patented push-to-open mechanism allow the unit to rise smoothly while the cover slides discreetly inside even with devices plugged in providing seamless access to power, data, and AV connections.

Features

- Patented push-to-open flip mechanism with smooth, dual-sided access
- Robust all-metal construction with premium finish
- Quick, tool-free installation for 15–40 mm desktops
- Pre-equipped Arteor modules including sockets, USB-C charging, HDMI, and RJ45

Benefits

- Enhances meeting room aesthetics with discreet, integrated connectivity
- Improves collaboration through easy access to power and data from both sides
- Reduces installation time with fast and secure mounting design
- Supports modern AV setups with versatile power, data, and charging options

**Now Available with
Arteor™ Advance Modules**

INCARA™ Top Access

Discreet Cable Management for Meeting Tables

Incara™ Top Access provides a practical solution for organizing power modules and cables beneath meeting tables. With a flush-mounted lid and integrated storage basket, it keeps worktops clear while allowing easy access to chargers, power strips, and connectivity modules in modern meeting and collaboration spaces.

Features

- Integrated metal storage basket for power strips and excess cabling
- Two width options: 295 mm and 385 mm for different table sizes
- Premium finishes: White, Black, and Metal to match furniture styles
- Flush-mount lid with soft-close damper for 10–40 mm desktops

Benefits

- Keeps meeting tables organised by concealing cables and adapters
- Maintains a clean, professional workspace appearance
- Simplifies cable routing with dedicated under-desk storage
- Supports flexible integration with office power and connectivity modules

Desktop Power Center

Practical Power for Modern Workspaces

Desktop Power Center (DPC) brings power and connectivity right to your fingertips. Designed for modern workspaces, it delivers seamless access to power, charging, AV, and data—while keeping desks clean, organized, and clutter-free. Fully customizable with power sockets, USB chargers, and connectivity modules, DPC adapts effortlessly to your workspace needs with style and efficiency

Features

- Modular 6M and 8M configurations with 3-pin 6A sockets and optional USB charging
- Flexible mounting options for on-desk, under-desk, or wall installation
- Child-safe IP20 sockets tested for up to 10,000 plug cycles
- IS-certified switch socket design with maximum load capacity up to 1440 W

Benefits

- Provides convenient power access directly at the workspace
- Keeps desks organised by reducing cable clutter
- Enhances user safety with child-protected outlets
- Simplifies installation with versatile mounting options

DISQ 60 and DISQ 80

Compact Desk Power for Modern Workspaces

DISQ 60 & DISQ 80 bring smart, desk-integrated power, USB, and data right where you need it. Built for modern workspaces, they blend seamlessly into desks and meeting tables—delivering instant connectivity while keeping surfaces sleek, clean, and clutter-free.

Features

- Circular desk-mounted design for seamless integration into desks and meeting tables
- Integrated power and USB charging for laptops and everyday office devices
- Power sockets compliant with IS 1293 and USB compliant with IS 13252 standards
- Durable construction with IK07 impact resistance for reliable daily use

Benefits

- Provides convenient power and charging access directly at the workspace
- Maintains clean desk aesthetics with minimal visual footprint
- Reduces cable clutter and dependence on external chargers or power strips
- Supports efficient and organised workspaces in offices and meeting rooms

Everything you need.
Right where you work

Disq 60

INCARA DISQ 60 delivers sleek, discreet access to power or USB charging with quick, hassle-free installation.

- Ultimate flexibility – mount horizontally or vertically on any surface, from desks to sofas and lockers, with a patented system that fits even ultra-thin panels (1 mm).

Disq 80

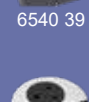

INCARA DISQ 80 combines power, data, and charging in one compact solution for modern, mobile users.

- Ideal for individual workstations, delivering seamless and efficient connectivity.
- Smart retrofit design – easily replaces existing cable outlets (80 mm Ø cut-out).
- Flexible configurations with 6 UTP sockets or cable outlets for quick, hassle-free access.

POP-UP BOXES For Floor

Seamless Floor Design, Superior Protection

Pop-up Boxes for Floor provide discreet floor-mounted access to power, data, and AV connections in modern workspaces. With a slim profile, soft-opening mechanism, and durable construction, they integrate smoothly into floor systems while ensuring reliable connectivity for offices and collaborative environments.

Features

- Extra-slim floor box design with corrosion-resistant, halogen-free construction
- Soft-opening cover with damper and push-slide locking mechanism
- Modular configuration for power, audio, video, and data using Arteor modules
- Robust protection: IP40 rating and IK07 impact resistance for high-traffic areas

Benefits

- Maintains clean floor aesthetics with discreet connectivity access
- Reduces cable clutter by providing power and data at floor level
- Ensures durable performance in high-use commercial environments
- Enhances user convenience with smooth and secure opening operation

DLP™ Mini-Trunking

Flexible and Aesthetic Cable Management Solution

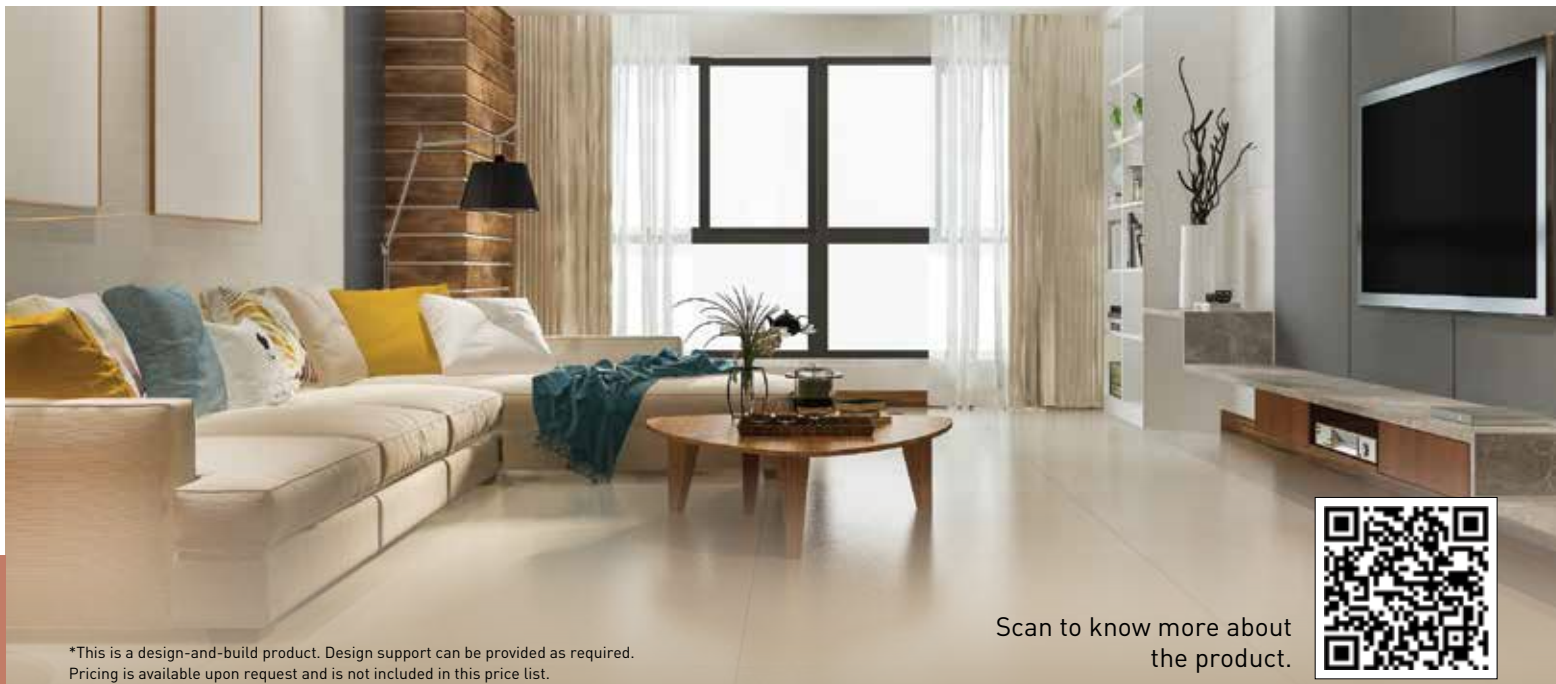

DLP™ Mini-Trunking offers a practical solution for organized cable routing, protection, and distribution in electrical installations. Its modular design enables neat cable management while supporting easy integration of wiring accessories across residential, commercial, and service environments.

Features

- Flexible system to adapt to every kind of wall-building configuration
- A new aesthetics, colour : RAL 9003 brilliant white
- A RoHS product = lead free product.
- High resistance against UV to limit the change of the colour during the life of the installation
- Non-Flame Propagating; material : high impact self-extinguishing

Benefits

- Simplifies installation with clip-on assembly and easy maintenance access
- Ensures organized cable routing with safe separation of circuits
- Provides durable protection with IP40 enclosure and IK07 impact resistance
- Delivers a clean aesthetic finish suitable for visible installations

*This is a design-and-build product. Design support can be provided as required. Pricing is available upon request and is not included in this price list.

Bold Cat.Nos are products normally available with Legrand (India) Stockists. Cat.Nos that are not bold - delivery within 4 - 8 weeks from the date of order. Bold packing quantity is our mandatory packing. Orders to be placed by Legrand (India) Stockist in multiples of the same.

Warranty policy

Legrand warrants to the original purchaser that the Products (excluding any third party products purchased through Legrand, for which no warranties are made) will be free from defects in material and workmanship, under normal use and regular service, and preventative maintenance for a period of 18 months from the date of shipment or 12 months from the date of installation whichever is earlier. Should any failure to conform with this warranty be found during the Warranty Period, you must notify Legrand of your claim within thirty (30) days of discovery, and within the Warranty Period. Your failure to give notice of claims of breach of warranty within the Warranty Period shall be deemed an absolute and unconditional waiver of claims for such defects. Legrand will have no responsibility to honour claims received after the date the applicable Warranty Period expires. The invoice / bill in original must be produced without which warranty claim shall not be entertained.

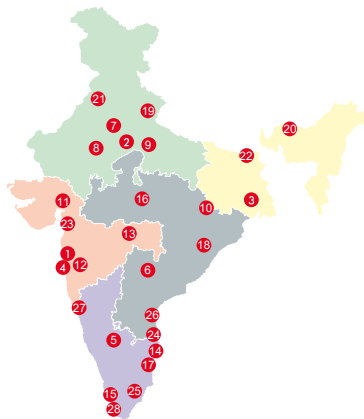

This warranty does not cover the following:

- Defect caused due to misuse, alteration, faulty installation, faulty electrical systems, negligent maintenance or misapplication of the product.
- Failure of product or components due to any act of nature; lightning strike, floods, hurricanes, tornadoes, etc. beyond the control of human being.
- Legrand does not warrant any third party products or associated hardware or their performance or suitability for use and application. Such items are provided "as-is".

Extended warranty policy is applicable for following products,

1. DX³ & RX³ MCB – 5 years if mounted inside Legrand DB
2. ArteorTM Advance, ArteorTM, MyriusTM, MyriusTM Regular, MylincTM, LyncusTM, AllzyTM, BritzyTM switches (without neon lamp) & Power sockets – 10 years
3. ArteorTM Advance, ArteorTM, MyriusTM, MyriusTM Regular, MylincTM, LyncusTM, AllzyTM, BritzyTM other products – 2 years
